Workshop: Sign up for the workshop “Tools for Touring”, held by Lilla Eredics, performing arts manager for the Geneva based Cie József Trefeli and BravoBravo agency. The workshop is open to emerging artists that manage their companies and takes place in the context of Tanzfaktor, a touring project for emerging artists.

Get an insight what it takes to organize a guest performance. What are the essential practical steps to take before, during and after a show on tour? Discuss about do's and don'ts on a tour and get fit in your organizational skills and tools. Together with Lilla Eredics you develop a clear overview on what it takes to tour professionally.

Before the workshop starts, Laurence Wagner, responsible for the programme at Théâtre de l'Usine, will join us to talk about the profile of her venue.
